

**WARNING!**  
**CHOKING HAZARD**-Small parts  
Not for children under 3 years.

**STOP IMPORTANT PLEASE READ!**

## BATTERY REQUIREMENTS (BATTERIES INCLUDE.)

**Vehicle: 3X AAA Batteries**  
**Transmitter: 1X 9V Battery**

## HOW TO INSTALL BATTERIES IN VEHICLE:

1. Push the ON/OFF Switch to the OFF position.
2. Open the Battery Cover.
3. Insert the "AAA" Batteries into the Battery Compartment. (See Diagram #1)
4. Replace Battery Cover.

## HOW TO INSTALL BATTERY IN TRANSMITTER: (USING 1X 9V BATTERY)

1. Remove the screw and open the Battery Cover  
on the back of the Transmitter.
2. Insert a 9 Volt Battery by following the engraved symbols. (See Diagram #2)
3. Replace the Battery Cover and the screw.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference, and  
(2) this device must accept any interference received, including interference that may cause undesired operation

**DIAGRAM #1**

**DIAGRAM #2**

- FOR BEST PERFORMANCE:**
1. Do not mix old and new batteries.
  2. Do not use rechargeable batteries.
  3. Do not mix battery types.
  4. Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.
  5. Batteries are to be inserted with the correct polarity.
  6. Exhausted batteries are to be removed from vehicle.
  7. Do not short circuit the supply terminals.
  8. Non-rechargeable batteries are not to be recharged.
  9. Alkaline batteries are recommended.

Caution: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or experienced radio/TV technician for help

## ATTENTION PARENTS:

**It is recommended that this Toy and all accessories be periodically examined for potential hazards and that any potentially hazardous parts be repaired or replaced.**

**NOTE: REMOVE BATTERIES AFTER YOU HAVE FINISHED USING YOUR VEHICLE.**
