

WARNING!
CHOKING HAZARD-Small parts
 Not for children under 3 years.

IMPORTANT PLEASE READ!

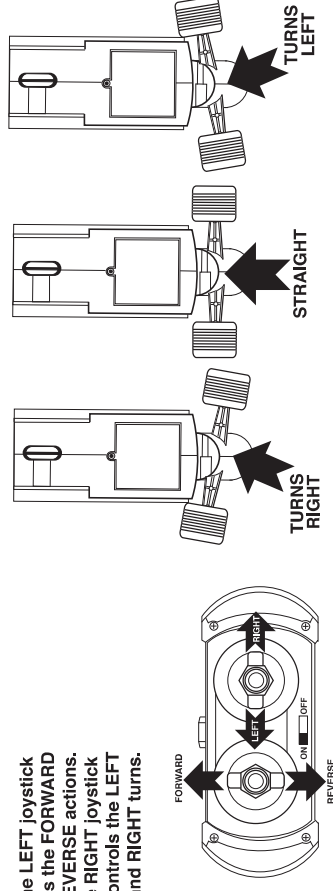

1

1. Install batteries into controller and vehicle (see opposite page)
2. Turn the power switches on the controller and vehicle to 'ON'

2

The LEFT joystick controls the FORWARD and REVERSE actions.
 The RIGHT joystick controls the LEFT and RIGHT turns.

4. Use the controller to operate the vehicle. Try making tight rapid turns and sudden starts and stops for the most interaction with the skateboarder!
5. After you are finished playing, turn the controller and vehicle to 'OFF'. Remove batteries.
